Bond Issue Discussion

Dr. Collins welcomed all the former board members back and introductions were made. He explained budget cuts from the state were about \$45,000 or 4 % last year; \$100,000 or 10% this year; and possibly as high as over \$200,000 or 20% for the upcoming year. Vice-President Steve Farnan told the former board members a little historical information about the timeline and how we had come to this hard decision. Principal Darbi Bauman gave them some handouts and went over each of them. She outlined the finances if the bond passed and if it does not. Sample floor plans for both scenarios were also given out. Several former members asked questions about the bond issue. We appreciate their input and advice.
